

CLAIMS COORDINATOR WAREHOUSE

S. No.	NOS Details	Question	Option A	Option B	Option C	Option D	Answer	Marks
1	LSC/N0324. Prepare for Claims Processing	How should preparation for claims processing be done in warehouse coordination operations workflow?	Delayed reporting system	Random data entry	Unverified claim filing	Gather shipment documents	D	6
2		What is important step while preparing for claims processing in warehouse operations system?	Check damage reports	Fast claim approval	Manual record guessing	Loose documentation handling	A	6
3		Why is accurate preparation important for claims processing in warehouse coordination activities process?	Increase reporting errors	Ensure claim validity	Reduce documentation care	Allow incorrect claims	B	6
4		How does proper preparation help claims coordinator in warehouse claims processing operations work?	Delayed investigation process	Random document handling	Untracked shipment data	Improve claim accuracy	D	6
5		Which documents are essential while preparing for claims processing in warehouse operations tasks?	Unverified shipping notes	Random invoice sheets	Proof of damage	Loose record files	C	6
6	LSC/N0325. Inspect Goods and Validate Claims	How should goods be inspected and claims validated in warehouse coordination process workflow?	Check physical damage	Random document entry	Unverified claim filing	Delayed report review	A	6
7		What is important step while inspecting goods for claims validation in warehouse system?	Loose document handling	Compare shipment records	Manual data guessing	Fast claim approval	D	6
8		Why is proper inspection necessary for validating claims in warehouse operations process work?	Ensure claim accuracy	Increase reporting errors	Reduce documentation care	Allow incorrect claims	A	6

9		How does goods inspection support claims validation in warehouse coordinator job responsibilities tasks?	Random record handling	Improve claim decisions	Untracked shipment data	Delayed verification process	B	6
10		What helps ensure accurate claims validation during goods inspection in warehouse operations workflow?	Loose claim filing	Random invoice usage	Unverified shipping notes	Physical verification check	D	6
11	LSC/N0326. Process claim requests	How should claim requests be processed efficiently in warehouse coordination operations workflow system?	Verify supporting documents	Random claim approval	Unchecked data entry	Delayed response handling	A	6
12		What is important step while processing claim requests in warehouse claims coordination system?	Fast claim closure	Review shipment details	Manual record guessing	Loose document handling	B	6
13		Why is accurate processing important for claim requests in warehouse operations management process?	Ensure claim validity	Increase processing errors	Reduce documentation care	Allow incorrect claims	A	6
14		How does proper processing of claims requests improve warehouse coordinator workflow efficiency tasks?	Delayed verification steps	Random data handling	Untracked claim files	Faster claim resolution	D	6
15		Which documents are needed while processing claim requests in warehouse operations coordination system?	Proof of delivery	Random invoice sheets	Unverified shipping notes	Loose record files	A	6
16	LSC/N0327. Compliance and Record	Why is compliance and record keeping important in warehouse claims coordination operations process?	Unverified claim logs	Random data storage	Ensure audit readiness	Delayed reporting system	C	5

17	Keeping	What is important step for maintaining compliance in warehouse record keeping activities system?	Follow documentation rules	Fast claim closure	Manual data guessing	Loose file handling	A	5
18		How does proper record keeping support compliance in warehouse claims coordination workflow process?	Random document entry	Improve traceability accuracy	Untracked claim files	Delayed verification process	B	4
19		What happens when compliance is maintained in warehouse record keeping operations management system?	Reduce audit errors	Increase reporting issues	Allow incorrect claims	Ignore documentation rules	A	4
20		Which documents are essential for compliance and record keeping in warehouse claim process?	Loose file storage	Random invoice sheets	Unverified shipping notes	Claim approval records	D	4
21		How does accurate compliance ensure proper record keeping in warehouse claims coordination system?	Supports audit verification	Random document entry	Untracked claim files	Delayed reporting process	A	4
22		Why must warehouse claims coordinator maintain proper compliance during record keeping activities?	Reduce reporting quality	Increase documentation errors	Allow missing records	Ensure legal adherence	D	4
23		LSC/N9911.	Why must claims coordinator follow health safety and security procedures at workplace strictly?	Prevent workplace accidents	Increase documentation errors	Reduce claim approvals	Allow unsafe handling	A
24	Follow health, safety, security procedures and maintain	How do safety procedures help claims coordinator maintain secure warehouse working environment daily?	Manual record guessing	Fast claim processing	Ensure hazard control	Loose document handling	C	5

25	integrity, ethics at workplace	What is key benefit of security procedures in warehouse claims coordination operations system?	Protect goods integrity	Increase claim disputes	Reduce documentation care	Allow misreporting cases	A	4
26		Why is integrity important for claims coordinator during warehouse claims processing activities tasks?	Allow false claims	Increase reporting errors	Reduce audit accuracy	Build workplace trust	D	4
27		How does ethical behavior support claims coordinator role in warehouse operations management system?	Ensure honest reporting	Random claim handling	Unverified document use	Delayed processing system	A	4
28		What happens when integrity is maintained in warehouse claims coordination operations workflow system?	Increase documentation issues	Improve compliance accuracy	Allow claim fraud	Reduce transparency level	B	4
29		Why should claims coordinator maintain ethics while handling warehouse claim processing duties tasks?	Allow misleading data	Increase claim conflicts	Reduce record quality	Ensure fair processing	D	4
30	DGT/VSQ/N 0101. Employability Skills (30 Hours)	How do employability skills improve performance of claims coordinator in warehouse operations tasks?	Better task efficiency	Poor communication skills	Random claim handling	Unplanned workflow errors	A	3
31		Which employability skill helps claims coordinator manage time during warehouse claims processing work?	Disorganized scheduling habit	Time management skill	Manual record guessing	Delayed reporting system	B	3
32		Why are employability skills important for claims coordinator career growth and success?	Enhance job readiness	Reduce learning ability	Limit workplace growth	Create confusion tasks	A	3

33	How does communication skill support claims coordinator in warehouse claims coordination activities system?	Delayed response system	Random document entry	Unverified claim handling	Clear reporting process	D	3
34	What employability skill improves teamwork for claims coordinator in warehouse operations workflow?	Unstructured workflow behavior	Individual task isolation	Team coordination ability	Manual guessing method	C	3
35	How does problem solving skill help claims coordinator in warehouse claim processing duties?	Faster claim resolution	Random document handling	Untracked claim files	Delayed verification steps	A	3
36	Why is adaptability important for claims coordinator in warehouse operations management system tasks?	Increase workflow errors	Adjust to changes	Reduce learning ability	Allow claim confusion	B	2
