

WAREHOUSE SUPERVISOR 5.0

S. No	NOS Details	Question	Option A	Option B	Option C	Option D	Answer	Marks
1	LSC/N0127.Decision sciencebased resource allocation and streamline operations at warehouse	How does decision science improve warehouse resource allocation and efficiency planning?	Random staff assignment	Data driven optimization	Ignore demand trends	Fixed role system	B	10
2		What helps streamline warehouse operations using decision science based techniques effectively?	Guess shipment priorities	Intuition based decisions	Predictive analytics usage	No tracking systems	C	10
3		Which factor is most important in decision science driven warehouse	Personal shift choice	Real time analytics	Random space	Paper tracking	B	10
4	LSC/N0128.Supervise receiving inventory and dispatch activities	How does warehouse supervisor ensure accurate supervision of receiving inventory activities daily?	Manual stock check	Random festival checklist	Printed advertising report	Real time verification	D	10
5		What ensures effective supervision of dispatch activities in warehouse operations management system?	Automated dispatch system	Paper decoration logs	Holiday attendance sheet	Customer complaint book	A	10
6		Which action improves control over receiving inventory and dispatch coordination process efficiently?	Staff birthday register	Office celebration plan	Barcode scanning system	Training holiday schedule	C	10
7	LSC/N0201.Supervise VAS/packaging	How does warehouse supervisor ensure quality control in VAS packaging operations daily?	Random box selection	Standard packing checklist	Decorative packing design	Manual guessing method	B	10
8		What improves efficiency in value added service packaging and labeling process supervision?	Structured workflow system	Festival decoration setup	Employee leave records	Cash handling register	A	10
9		Which method ensures accurate supervision of VAS packaging and dispatch preparation tasks?	Office attendance sheet	Manual color coding	Customer feedback form	Barcode labeling system	D	10
10	LSC/N9908.Maintain and monitor integrity and ethics in operations	How does warehouse supervisor maintain integrity and ethics in daily operations management?	Transparent record keeping	Personal benefit decisions	Hidden inventory changes	Favoritism in allocation	A	10
11		What ensures ethical compliance while supervising warehouse staff and operational activities?	Informal shortcuts use	Selective rule application	Fair policy enforcement	Biased task distribution	C	10

12		Which practice supports integrity in warehouse supervision and operational decision making?	Honest reporting system	Manipulated stock data	Private record changes	Unauthorized approvals process	A	10
13	LSC/N9909.Follow and monitor health, safety and security procedures	How does warehouse supervisor ensure compliance with health safety security procedures daily?	Untrained staff handling	Ignored safety reports	Unsafe material handling	Safety audit inspections	D	10
14		What helps monitor workplace safety and security procedures in warehouse operations effectively?	CCTV monitoring system	Random stock checks	Manual guessing process	Verbal instructions only	A	10
15		Which action improves adherence to health safety and security rules in	Skipping protective gear	Personal preference work	Safety training	Informal supervision	C	10
16	LSC/N9906.Verify GST invoices	How does warehouse supervisor verify GST invoices during incoming goods receiving process?	GSTIN validation check	Manual price guessing	Verbal invoice approval	Random document filing	A	15
17		What ensures accuracy while verifying GST invoices in warehouse financial documentation?	Oral confirmation method	Unchecked invoice entries	Tax compliance system	Personal record notes	C	15
18	DGT/VSQ/N0102.Employability Skills (60 Hours)	Which employability skill helps warehouse supervisor improve communication and team	Effective verbal communication	Physical strength training	Machine maintenance skill	Inventory counting speed	A	10
19		What employability skill is essential for solving workplace problems in	Packaging decoration skill	Manual loading technique	Equipment painting skill	Analytical problem	D	10
20	LSC/N0121.Supervise bonded warehouse operations	How does warehouse supervisor ensure compliance in bonded warehouse operations management	Customs regulation adherence	Personal stock control	Informal shipment handling	Untracked goods movement	A	10
21		What is essential for supervising bonded warehouse goods under regulatory requirements?	Random storage allocation	Duty compliance records	Manual guessing system	Informal dispatch notes	B	10
22		Which practice ensures proper monitoring of bonded warehouse inventory and documentation	Secure inventory tracking	Open access storage	Unverified stock entries	Personal record notes	A	10
23	LSC/N0122.Supervise cold storage warehouse	How does warehouse supervisor ensure proper temperature control in cold storage operations?	No temperature logging	Manual temperature guessing	Random door opening	Continuous temperature monitoring	D	10

24	operations	What is essential for maintaining product quality in cold storage	Cold chain compliance	Unsealed storage practice	Irregular stock rotation	Manual record	A	10
25		Which system improves accuracy in supervising cold storage warehouse inventory management?	Untracked storage method	Paper-based estimation sheets	Verbal stock reporting	Digital temperature logs	D	10
26	LSC/N0123.Supervise FMCG & E-Com	How does warehouse supervisor manage fast moving FMCG inventory	Manual stock guessing	Real time tracking	Random dispatch	Untracked inventory	B	10
27	warehouse operations	What improves efficiency in e-commerce warehouse order picking	Automated order system	Paper order sheets	Verbal order notes	Manual sorting	A	10
28		Which practice ensures accurate supervision of FMCG and e-commerce warehouse operations?	Random shipment handling	Unrecorded stock movement	Informal delivery process	Barcode scanning system	D	10
29	LSC/N0124.Supervise automotive warehouse operations	How does warehouse supervisor ensure proper handling of automotive spare parts inventory	Unrecorded part usage	Manual stock guessing	Batch tracking system	Informal storage method	C	10
30		What improves accuracy in supervising automotive warehouse receiving and dispatch operations	VIN based tracking	Random part allocation	Verbal shipment notes	Unverified dispatch logs	A	10
31		Which method ensures efficient supervision of automotive warehouse component storage and	Manual verbal records	Paper based estimation	Unplanned shelving method	RFID inventory system	D	10
32	LSC/N0125.Supervise dry bulk cargo	How does warehouse supervisor control dust and spillage in dry bulk	Covered conveyor systems	Open unloading method	Unsealed storage	Random dumping	A	10
33	warehouse operations	What ensures accurate measurement of dry bulk cargo during warehouse receiving	Informal loading records	Visual weight estimation	Manual container guesswork	Weighbridge calibration system	D	10
34		Which practice improves safety in supervising dry bulk cargo	Ventilated storage design	Unprotected material stacking	Free flow dumping	Unsafe manual	A	10
35	LSC/N9603.Profit and Loss account management and cost accounting	How does warehouse supervisor contribute to accurate profit and loss	Personal estimation	Random expense entry	Cost tracking accuracy	Unrecorded transaction	C	10
36		What improves cost accounting accuracy in warehouse operations and financial reporting systems?	Inventory valuation system	Verbal cost reporting	Guess based pricing	Manual untracked costing	A	10

37		Which practice supports effective control of operational costs in warehouse supervision activities?	Missing cost records	Unplanned expenditure approval	Informal cash usage	Budget variance analysis	D	10
38	LSC/N9701.Business development and stakeholder relations	How does warehouse supervisor strengthen business development through stakeholder engagement	Irregular reporting delays	Regular client communication	Internal stock guessing	Unplanned service delivery	B	10
39		What improves stakeholder relations in warehouse operations and logistics coordination process?	Service level agreement	Informal verbal promises	Random shipment handling	Untracked deliveries system	A	10
40		Which practice supports business growth in warehouse supervision and client relationship management?	Unverified service claims	Hidden operational data	Delayed invoice submission	Timely performance reporting	D	10
